

Wound Care Program

Nurses Unlimited has an advanced wound care program with Certified and Specialty Wound Care Nurses.

We have success in treating:

- Surgical Incisions/Skin Grafts
- Pressure Ulcers (all stages)
- Arterial/ Stasis/ and
- Diabetic Ulcers
- Eschar Debridement
- Skin Tears

Benefits of the program include:

- Wound healing without complications

- Wound VAC certification and training of staff
- Prevention or treatment of wound infections
- Specialized training in Compression, A.B.I. and Anodyne therapy
- Patient education on disease process
- Reduce/eliminate need for urgent care visits and hospitalization
